

Introduction:

Ryan Specialty Group Sweden (RSG Sweden) is a Managing General Underwriter (MGU) based in Stockholm, Sweden, that offers innovative products to both private and public corporations and municipalities within the Nordics and Continental Europe. This specialty MGU develops niche insurance solutions with a rapid response time and a strategic focus on serving clients.

RSG Sweden also offers cyber liability and life science liability products for EEA located risks.

Target Markets:

- Public and private companies domiciled in the Nordic and Benelux region
- Municipalities and other public entities in the Nordic region
- Cyber or Life Science liability risk located in the EEA region

Packages:

- Package solutions for municipalities and real estate companies owned by municipalities, and include broad property and casualty coverage
- OCIP – owner-controlled program for performance bonds offered to municipalities in conjunction with building projects

Capacity:

- Up to EUR/USD 10,000,000 for public and private companies on a primary or excess basis
- Primary or Excess capacity available for all offerings, aside from Construction (Primary only). We offer different capacities depending on coverage provided:
 - Property for Municipalities and Public entities, up to SEK 500,000,000
 - Excess GL / PL up to SEK 50,000,000
 - Sureties, capacity range from EUR 2,500,000 up to EUR 50,000,000 depending on project.

Coverage Highlights:

RSG Sweden has the expertise to underwrite complex niche risks and develop innovative insurance solutions for private and public corporations. RSG Sweden's insurance is written on behalf of various Lloyd's of London syndicates as well as company markets. RSG Sweden provides its solutions rapidly and precisely, with a strategic focus on serving clients.
